

GETTING INVOLVED:

..... The only requirements are that you be a resident of the Coos Bay School District (*which can be waived by the committee*), have ideas, and are willing to discuss options with the other members. If this is something you might be interested in contact one of our members or come to one of the scheduled Upcoming Events. We are continually looking for constructive input and ideas. All meetings are facilitated by a school board member and are designed so that all in attendance are heard.

I encourage anyone that has an interest in Coos Bay's future to come to one of the facilities meetings. All meetings will be posted on this web page or on the districts website. In the future you should also see CB Facilities Planning Committee meetings listed in the World Newspaper. See what the school district is doing before you make any judgements and be part of our cities future.

Contact one of the following board members for more information:
